

# Florida Residents Get Coupon for Half Price at the Zoo this Fall !

**What:** A fascinating assortment of new animals has made its way to Naples Zoo over the past few months including Australia's eastern gray kangaroos and endangered Parma wallabies along with Africa's moustached monkeys and Asia's Demoiselle cranes and reticulated python. Coupled with Zoo favorites like lions, zebras, and a new island of lemurs, they make for a wildly fun day for all ages.

In addition to innovative presentations like Serpents: Fangs & Fiction and Planet Predator, the Zoo offers the new Tropical Plant Trek tour through the historic garden where guests also see its many exotic animals including the rarest tigers in America and all four of Africa's top predators. Guests board the Primate Expedition Cruise to glide by islands inhabited by monkeys, lemurs, and apes living in natural habitats. Naples Zoo at Caribbean Gardens is nationally accredited by the prestigious American Zoo and Aquarium Association.
